I'm sorry, Rob – there's something from the American Clean Power Association that came through regulations.gov as well. I didn't see it initially because I'm not super familiar with the docket system.

Hi Rob – Thanks! No, EPA didn't receive any other comments other than the supportive one at the beginning of the second public notice period.

Hi Undine – You will see from my earlier email that SFW has submitted comments on the revised draft permit. Did EPA receive any other comments?

Hope all is well!
